

The Sourdough Baker's Log

*100 bakes — flour, hydration, fold timing,
crumb shots*

Daystone Press

How to use this journal

Sourdough is science you can taste. This journal lets you record what worked, what flopped, and the variables that made the difference.

Track flour brands, hydration percentages, fold timing, and proof temperatures. Note the weather — sourdough cares.

Re-read old entries when a bake disappoints. Patterns reveal themselves over time.

Bake entry #001

Date:

Flour brand & blend:

Hydration %:

Starter ratio / Levain:

Autolyse time:

Bulk ferment time / Temp:

Folds (count & timing):

Shaping notes:

Cold retard time:

Oven temp / Time:

Crumb rating 1-10:

Notes

Bake entry #002
