

The Crochet Project Tracker

*100 projects organized — yarn, hooks, hours,
and finishing touches*

Daystone Press

How to use this journal

Every crochet project deserves a record. Yarn brand and dye lot, hook size, pattern source, and the hours actually spent.

This journal helps you remember what worked — and avoid repeating the substitutions that didn't. Use the pages to track gifts, items for sale, and your own wardrobe.

Filled-in pages become a portfolio of your fiber journey.
