How to Use These Pages

BrightOwl Learning

For the teacher

Each sheet focuses on one set of facts and arranges them in random order, so students practice recall — not the order of the page.

Use as a daily warm-up, Friday timed test, homework, or center activity.

Set a timer (1–5 minutes). Students write the time and their score at the top.

Building fluency

Start with the single-table sheets, then move to the mixed-fact sheets.

Encourage students to beat their previous score using the progress tracker.

Re-print any sheet — facts can be regenerated in a fresh order for retesting.

What's included

Single-table drills, mixed-fact drills, and challenge sheets.

A progress tracker for the whole set, plus complete answer keys at the back.
